Mr. Douglas A. Donnell, Attorney
500 Frey Building
Union Bank Plaza
Grand Rapids, Michigan 49503

Dear Mr. Donnell:

In response to your letter dated April 14, 1986, please refer to page 2, paragraph 1. Mr. John Shauver, Environmental Enforcement Division (EED), was to assume the lead role regarding the negotiation of a consent agreement for the Riverside site and other Mich Con sites. It has been decided; however, that Compliance Section staff will assume the lead role in the negotiation of future consent agreements.

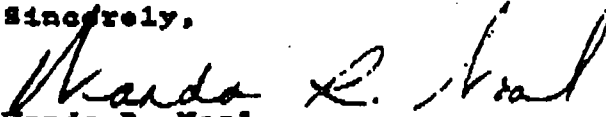

The consent agreement for the Riverside site was primarily negotiated between you (representing Mich Con) and Mr. Shauver. This agreement, once finalized will be used as a backbone for agreements at other sites. In the future, Compliance Section staff will negotiate the agreements with input as required from other divisions, and the Attorney General's Office.

Enclosed is a list of Mich Con sites which have been prioritized for further investigation. Next to each site is the name of the district staff assigned to the area in which the site is located. These persons should be contacted to discuss arrangements for future work at the site. These staff will also consult with an in-house technical committee prior to the finalization of any work plan. This arrangement should eliminate the possibility of inconsistencies.

Mr. Donnell
June 13, 1986
Page 2

Thomas Work and I will be involved for sites located in Compliance Section #1. Dave Dennis will be involved for sites located in Compliance Section #2. We are looking forward to working with Mich Con staff and you. If there are any questions, please contact me at 517-335-3394.

Sincerely,

Wanda R. Neal
Environmental Quality Analyst
Compliance Section #1
Groundwater Quality Division
